 Circuit "E" 2100m

### ENJOY YOUR CAR.....REFINE YOUR SKILLS

Learn the fundamentals of circuit driving and explore the capabilities of your sports car at this exciting performance program.

During our 4 hour session, you will receive both group and one-on-one personal in-car training from experienced motorsport instructors. You will learn to apply the fundamentals of circuit driving whilst testing your skills with laps of the different circuit configurations. Our driving rules will keep participant's cars separated to ensure there is no racing and therefore a low risk of collisions. All vehicles must undergo a safety check and all drivers must wear a helmet.

For our 2014 training programs at Morgan Park Raceway, we use several extremely challenging layouts to test and delight drivers with a variety of fast and slow corners and elevation changes.

(Note: we do often use sections of the newly extended track but for safety reasons we have chosen to not use the "full long circuit" configuration due to speeds becoming excessive for road registered cars.... we can conduct private coaching on the full circuit for race-prepared vehicles with roll cages)

2014 instructors include:

Nick Foster (Porsche Cup, Formula Ford)  
 David Russell (V8 Supercars, Porsche Cup, Production Car)  
 Chris O'Shannessy (Production Car – Australia and Malaysia)  
 Joel Neilsen (Drift & International Advanced Driving Instructor)  
 Dylan Cothill (Drift & International Performance Driving Instructor)  
 Brady McHugh (Formula Ford)
