

MORGAN PARK RACEWAY, WARWICK

ENJOY YOUR CAR... LEARN NEW SKILLS

Learn the fundamentals of circuit driving and explore the capabilities of your sports car at this exciting Sports Driver Training program.

The full day session involves both group and personal 1-on-1 in-car mentoring from experienced motor sport coaches. Our team have a relaxed nature but intense interest in your professional development. We tailor our assistance to your needs, whether it is your first time at a circuit or you are regular competitor seeking to lower lap times or refine the setup of your car.

Mentoring will focus on cornering lines, steering input, gear changing, left foot braking, heel/toe downshifting, trail braking, vision through corners, suspension tuning & tyre pressures. Unlike other track lapping programs, we operate these days under stringent safety standards to ensure cars are kept apart and your laps are enjoyed without risking a collision. A helmet and full length clothing are mandatory and door-to-door racing is not permitted. We also don't overfill the track with massive numbers of cars "happy lapping" or cruising at the same time.

2023 DATES: February 21, March 21, April 18, June 27, August 16, Nov 21

During the day we use different track configurations at this undulating circuit. These layouts will delight drivers with the variety of fast and slow corners plus elevation changes. With a maximum of 24 drivers you will get a lot of circuit time. Timing devices are not provided as this is a circuit based driver training program, but drivers may elect to use their own devices for monitoring their performance. A discount applies for groups of 6 or more drivers booking together. A single entry fee can be split allowing 2 drivers to share the laps using the same car.

ONLINE PERFORMANCE DRIVER TRAINING

- CAR SETUP
- SEATING POSITION
- HEAT + FIRE
- GEAR SHIFTING
- LEAVE THE TRACK
- ON-TRACK SAFETY
- STEERING TECHNIQUES
- VEHICLE DYNAMICS
- FAST BENDS
- SLOW BENDS
- VISION AHEAD
- MENTAL FOCUS

LAPS THE TRACKS LICENCE

Until now, Track Day providers and the management of Race Circuits have had no way to know the driving knowledge of those lapping their tracks. A motorsport licence is no proof of knowledge as it is simply obtained via the payment of the applicable fee and sometimes completion of an observation of driving skill. A **Lap the Tracks** licence is an eLearning course covering the essential knowledge a performance driver should have prior to undertaking high speed circuit driving. The \$99 course fee includes a Lap the Tracks licence card issued to the driver.

Performance Car Hire:

If you or your partner/friend don't own a car suitable for circuit driving, we can supply cars for this program. This means your partner/friend can accompany you to Morgan Park and experience the thrills of a track session. The half day session (3.5 hours) provides each driver at least 25 laps of in-car coaching. Cars currently available include:

- Ø Subaru BRZ (Auto)
- Ø Hyundai Excel Cup Car (Manual)
- Ø Nissan Z (Manual)*

FULL DAY (7+ hrs): USING OWN CAR \$385 (\$330 group rate)

HAIF DAY (3.5 hrs): USING OWN CAR \$253 (\$220 group rate)

- > Group rates apply for bookings of 6 or more
- > Wearing a helmet and wrist to ankle clothing is mandatory
- > Helmets can be hired for additional \$22 per person
- > Car can be shared by 2 drivers for 1 entry fee (split the time)

USING OUR BRZ/EXCEL: \$495 per driver

- > 25+ laps over 3.5 hours, shared use of BRZ and Excel
- > Includes helmet use and all fuel, brake and tyre wear
- > Cars are insured and no liability for damage unless caused by reckless or negligent actions. Dashcams are fitted to our cars.

***NISSAN Z EXPERIENCE: \$375 per driver**

- ü 15 laps as the driver + 3 laps as passenger

FAST CAR HOT IAP: \$125 per person

- ü 3 lap passenger ride in BRZ or Excel (helmet supplied)

IAP THE TRACKS ONLINE COURSE: \$99 per person

- ü includes printed licence card to verify your training/knowledge
